

The Maryland Primary Adult Care Program

What is the Primary Adult Care Program?

Primary Adult Care or *PAC* is a health care program for low income adults age 19 and over who have minimum income. It covers the cost of prescriptions, primary care, mental health care, and other limited services. PAC does not cover inpatient or outpatient *hospital* services or specialty medical services.

PAC COVERS SUBSTANCE ABUSE TREATMENT SERVICES AND EMERGENCY ROOM CARE HOSPITAL CHARGES.

PLEASE NOTE THAT PAC ENROLLEES ARE RESPONSIBLE FOR PROFESSIONAL (DOCTORS) SERVICES AND OTHER SERVICES PROVIDED IN AN EMERGENCY ROOM.

Who is Eligible for PAC?

- Individual *Maryland residents age 19 or over* who are not on Medicaid or Medicare are eligible if their income does not exceed \$1046 a month.

Two or more person households have higher income scales (see application for details).

- You do not need to have a chronic or other medical condition to qualify for PAC.

How does the prescription benefit work with PAC?
